**H.R.3910 Automobile National Heritage Area Act**  
**Public Law 105-355 – November 6, 1998, 112 Stat. 3253**

The boundary of Grand Staircase-Escalante National Monument which President Clinton created by proclamation in September 1996 was modified by H.R. 3910 (of the 105<sup>th</sup> Congress), an enrolled bill to authorize the Automobile National Heritage Area in the State of Michigan and for other purposes, in title II of the bill. Title II, Grand Staircase-Escalante National Monument, in Section 201 (a) excluded four parcels of public lands, totaling 819.16 acres, from inside the periphery of the Monument near the towns of Tropic, Cannonville, Henrievile, and Boulder in Garfield County, Utah. In section 201 (b) the boundaries of the Monument were modified to include 6,365.52 acres of public land that had been outside the boundary established by the President's Proclamation. The net change resulting from the boundary legislated in H.R. 3910 was to increase the size of the Monument from 1,878,464.47 acres to 1,884,010.83 acres, an increase of 5,546.36 acres. H.R. 3910 also conveyed other Federal lands (876.03 acres) outside the Monument boundary to the State of Utah for inclusion of the lands in Kodachrome Basin State Park.
